US Federal Highway Policy

US Code 23 Section 111

- Prohibits commercial activities on federal highway rights-of-way
- Written in 1958 to protect small towns as the interstate highways were being built
- Rest areas have no gas/diesel or restaurants
- Electric Roadways impact – cannot bill for EV charging
- Educating Congress to get the law changed
- Truck stops and convenience stores want no change (NATSO & NACS)
- Promote public/private partnerships
